

**Amendments to the Specification:**

Please amend the specification as follows:

Please insert the following paragraph after line 10 before line 11 on page 1 of the substitute specification filed on May 3, 2004.

Seeds of the plant *Phyllanthus amarus* that produce plants designated "CIM-Jeevan" have been deposited in the "National Gene Bank," funded by Government of India at CIMAP, with gene bank accession number "CIMAP 1421." They are readily traceable, retraceable and available to the public on demand. There will be no restriction to the availability of seeds to the public. The viability of the seeds is checked every year and redeposited in the gene bank, which will continue indefinitely.
